

i3S 2025

INTERNATIONAL SEMINAR ON SCREENING AND SIZING (i3S)

16th-17th January 2025

Venue : The Alcor Hotel, Jamshedpur

Organised by
Indian Institute of Metals - Jamshedpur Chapter

in association with
Tata Steel Limited, Jamshedpur
CSIR - National Metallurgical Laboratory, Jamshedpur
National Institute of Technology, Jamshedpur

Version - I

ABOUT i3S-2025

Screening and sizing of ore and minerals plays a critical role in a mineral processing plant. In today's scenario, due to the exhaustion of good quality ores, processing of low grade minerals, increase in product fineness, etc. has made the screening and sizing systems more and more critical in a circuit. This seminar serves as a platform for exchange of basic understanding, novel ideas and insights into mechanisms and methodology of screening and sizing equipment. The aim is to bring about ground-breaking innovations and advancements in this field through collaboration and knowledge-sharing among participants of varied background from industries, academia and R&D institutions.

Scope of The Symposium

The characteristics of run of mines iron ore, coal and other minerals under high moisture (>6% by wt) condition causes major challenge in plant operation to achieve the desired throughput. Screening is an area where dry processing plant always struggle due to jamming of screen media in monsoon and foggy seasons. In wet processing plant, ultrafine particles of ore/minerals reduce the dewatering efficiency of screen.

Major advances have taken place to understand the behaviour of particles through Discrete Element Method modelling with the objectives to make new design screens. To increase the plant throughput in same footprint is a major challenge for most of the processing plants. In such circumstances, design of screen panels is an important subject. Efforts have been taken to improve the open area% of panel to increase the plant throughput in available screen footprint. The role of sizing equipment such as hydro cyclone and classifier are also important for any beneficiation plant in view of improving plant yield and reducing the slime loss. New approaches and innovative technologies are continuously evolving to push the performance boundary with change in ore/mineral characteristics.

This seminar aims to provide a forum for interaction and exchange of knowledge among professionals dealing with beneficiation of ferrous and non-ferrous minerals/ores. The deliberations at the symposium would provide an opportunity for further interactions between research laboratories, academia, and industries engaged in mineral beneficiation.

Theme of the Seminar

- ✓ New technology evaluation in Dry & wet screening.
- ✓ Role of screening media
- ✓ Modelling and simulation approach in designing & selection.
- ✓ Role of AI and ML in Screening and classification.
- ✓ Mechanical aspect in screening
- ✓ New design hydro cyclone and classifier.
- ✓ New design screen panels to improve plant efficiency.
- ✓ Case studies to improve screen and hydro cyclone efficiencies.
- ✓ Roles of different motions in screening
- ✓ Slime loss reduction/Sustainability of mines
- ✓ Screening in Pelletization and Sintering
- ✓ Improving plant throughput
- ✓ Increasing concentrate yield
- ✓ Use of Reagents to improve the material flowability

Registration & abstract submission

Delegates are requested to register online. Registration fees should be paid by electronic fund transfer. The online transfer details are given below. Delegates and students are encouraged to participate in poster session. After online payment, please send the duly filled registration form (for all registered delegates) and abstract (only for poster) to the email address i3s2k25@gmail.com.

Last date of registration	: 15 th December 2024
Last date of abstract submission	: 30 th November 2024
Members of IIM	: Rs. 5900 (incl. 18% GST)
Non-members	: Rs. 9440 (incl. 18% GST)
Students	: Rs. 2360 (incl. 18% GST)
Students (IIM Members)	: Rs. 1770 (incl. 18% GST)

Bank details for depositing the registration fee:

A/C Number: 450020100010066
A/C Name: JSR CHAPTER OF INDIAN INST OF METAL
Bank Name: Bank of India
Branch: Jamshedpur
Branch IFSC Code: BKID0004500
MICR Code: 831013002
SWIFT Code: BKIDINBBJAM
GSTIN: 20AAATT3359D1ZW

Sponsorship & advertisement

Sponsorship

Sponsorships are solicited from organisations for various events and functions. Different categories of sponsorships, rates and the complimentary benefits are listed below:

Category	Amount*	Number of free delegates	Advertisement in Souvenir
Platinum	Rs 7,00,000	5	- Built up Stall (6x6x8 ft) - Inside page of front cover - Promotion on Website
Gold	Rs 5,00,000	3	- Built up Stall (6x6x8 ft) - Inside of back cover
Silver	Rs 3,00,000	2	- Built up Stall (6x6x8 ft)

*GST extra as applicable

Advertisement

Advertisements are solicited for insertion in the commemorative souvenir. The souvenir will feature miscellaneous articles, information about sponsors etc.

Full Page - Rs 60,000*

Half Page - Rs 30,000*

Promotion on Momentos - Rs 1,00,000*

*GST extra as applicable

Advisory Committee

Mr. Subodh Pandey, Tata Steel
Prof. Gautam Sutradhar, NIT Jamshedpur
Prof. Sukumar Mishra, IIT-ISM, Dhanbad

Mr. DB Sundar Ramam, Tata Steel
Dr. Sandip G. Chowdhury, CSIR-NML
Dr. Ramanuj Narayan, CSIR-IMMT

Steering Committee

Mr. Atul Bhatnagar, (Mentor): Tata Steel
Mr. Vinay V. Mahashabde : Tata Steel
Mr. Anurag Dixit : Tata Steel
Dr. Atanu Ranjan Pal : Tata Steel
Mr. Piyush Srivastava : Tata Steel
Mr. Amit Ranjan : Tata Steel
Mr. N Rajesh Kumar : Tata Steel
Mr. Surajit Sinha : Tata Steel
Mr. Padmapal : Tata Steel
Dr. BC Meikap : IIT KGP

Prof. Ashok Kumar : NIT Jamshedpur
Dr. P K Banerjee : CSIR-CIMFR
Dr. RK Rath : CSIR-NML
Dr. Narasimha Mangadoddy : IITH
Mr. B. V. Sudhir Kumar : Tata Steel
Dr. A.K. Mukherjee : Tata Steel
Mr. AK Majumdar : IIT KGP
Mr. Shankar Biswas : Tata Steel
Dr. SK Biswal : IPMRC

*Subject To Change

Organising Committee

Dr. Siddhartha Misra (Chairman), Tata Steel
Mr. Narayan Sharma (Vice-Chairman) Tata Steel / Dr. J. Pal (Vice-Chairman), CSIR-NML
Mr. Prashant Dixit (Convener), Tata Steel / Dr. Gopi Kishore Mondal (Co-Convener), CSIR-NML
Mr. Ankur Chauhan, Tata Steel (General Secretary)

Dr. Abhay Shankar Patra, Tata Steel

Dr. Biraj Kr Sahoo, CSIR-NML

Ms. Anushri Nag, Tata Steel

Mr. Abhishek Kumar, CSIR-NML

Dr. Biswajit Saha, Tata Steel

Mrs. Soni Jaiswal, Tata Steel

Mr. Ajit Swain, CSIR-NML

Mr. Akhil Singh, Tata Steel

Mr. S Vijayanand Solomon Raj, Tata Steel

Mr. Sachiraj D, Tata Steel

Dr. Ranjeet Kr Singh, CSIR-NML

Mr. Anurag Shakya, Tata Steel

Dr. Monalisa Mondal, NIT Jamshedpur

Mr. Rahul Singh, Tata Steel

Dr. Alok Tripathy, CSIR-IMMT

Dr. Ganesh Chalavadi, CSIR-NML

Prof. Poulami Maji, NIT Jamshedpur

Mr. Kalicharan Hembhrom, CSIR-NML

Abhijeet Manasingh, CSIR-NML

*Subject To Change
